

TED Manufacturing Quality Manual			
Authorized by: Ted McGrade		Issue M	June 28, 2012

Quality Policy (5.3)

*The Objective of **TED Manufacturing** is to provide the best RF Coaxial products for all customers, by **filling our customer's orders accurately, completely, and on-time**. Thus, insuring the company is the preferred supplier, while complying with all customer, and regulatory requirements. All employees are aware of the Quality Policy and participate in establishing, maintaining and continuously improving the Quality Management System.*

Ted McGrade
President

This being achieved by:

- Continuously working with our associates, suppliers and customers to enhance the TED Manufacturing image and reputation while increasing market share.
- A positive commitment to comply with customer, statutory, regulatory and quality management system requirements.
- Strive to continuously improve the effectiveness of the systems, standards, processes, products, and services and achieve objectives and targets as measured through Internal Audits, Management Review and other feedback, both internal and external.
- Developing and training all associates to continually improve the teamwork and involvement necessary to the success of each employee and the company.

This policy will be reviewed as part of Management Review for its continuing effectiveness and provides the framework for setting and reviewing quality system objectives and targets.

This policy is mandatory for all employees of **Ted Manufacturing** in achieving continuous improvement, therefore it is communicated to each employee (relevant to their function and level) throughout the company.
